A diverse portfolio
Designs for every lifestyle

At ABB we attach great importance to the details, whether it’s a switch’s acoustics, its feel, surface, color or material. And it’s the range of these details that means we can now offer you an extensive portfolio of switches to suit both you and your living situation.
LIGHT SWITCHES A NEW WAY TO EXPERIENCE DESIGN AND FUNCTION
For modern-day minimalists

Impressivo, with its simple, timeless design is ideal for those who want a life less complicated. It’s modernity and simplicity in one and lends itself perfectly to lovers of stylish, no-frill surroundings.
Impressivo
Keeping things simple

A contemporary switch such as Impressivo gives a simple choice to those who prefer clarity over complexity. Today’s fans of straightforward functionality and understated design will be in their element.

Clearly defined understatement

carat® makes a clear commitment to top-class design. Crystal-clear shapes and contrasting colors support a discreetly uncluttered interior design.
carat®
From clear to extravagant

carat® unites straight lines and authentic materials in an independent object. The independence which can be admired in this switch range meets the requirements of sophisticated architecture.

LIGHT SWITCHES A NEW WAY TO EXPERIENCE DESIGN AND FUNCTION
A class of its own

Your own living space deserves the very best; Busch-dynasty® offers just that. Handcrafted and developed together with international design experts, this switch offers an almost lavishly luxurious aesthetic.
Busch-dynasty®
Each switch is one-of-a-kind

The brass used for this switch range is hand polished or brushed for an antique look and feel. The same care and attention is given to the rocker made of high-quality plastic – it’s also hand-painted or brushed. Busch-dynasty® gives you a genuinely unique specimen with its own personal touch.

Outstandingly consistent

Unwaveringly stylish and consistent in form, material and design: pure stainless steel offers 100% quality and durability.
pure stainless steel
One hundred percent

pure stainless steel uses 100% stainless steel for cover frames and switches. At the same time, an invisible anti-fingerprint coating ensures that you leave an impression but without the imprint.

Inspiring individuality

The wide variety of materials available in the Zenit range allows for a wealth of individuality in the home. Such is their beauty, some houses might actually be designed around them.
Zenit
Materials that fuel imagination

Glass, steel or even slate – the kinds of materials used in Zenit switches will open up any mind and offer a whole new world of architectural possibilities.

Individual and balanced

With its dynamic form and color scheme, the solo® switch range adds a subtle, harmonious highlight and is a real eye-catcher in any room.
 Linear yet with a sense of swing: solo® focuses on contrasts in form and color. This switch range creates something truly special: a harmonious, relaxed appearance.
Contemporary touches

Small features come together to create a stylish bigger picture. Our Busch-axcent® switch range stands for this interior design credo, combining consistently strong linear design with a variety of colors.
Busch-axcent® combines the power of purity and quality of high class materials – glass, thermoplastic, and metal – with contrasting colors that perfectly reflect your style.

The Busch-axcent® color spectrum is characterized by its vibrancy and choice. This is often applied in public buildings as a color-coded guiding system.

Mounting sets for Busch-axcent® flat allow flush-mounted installation of the Busch-axcent® range.

Sky Niessen
Keeping the dream alive

Don’t let your grand ideas be thwarted by uninspiring light switches. That’s the motto of the Sky Niessen range of switches and dimmers that promise to put the finishing touch to even the boldest of plans.
The essentials broken down to the minimum

Straightforward, uncomplicated, minimized without compromise: When there’s nothing to distract you, you find peace and concentration. And discover absolute clarity in simple objectivity. future® linear stands for this clarity.
The appeal of future® linear lies in its uncompromisingly simple and precise design, which offers no surface for distraction. This switch range also offers a color palette that corresponds to any contemporary architectural concept.
Softtouch: stimulating colors with pleasant haptics and a hard-wearing surface.
Exquisitely understated

A modest combination of colors and white. A modern square design. A compelling offer of light switches and socket outlets for your daring reconstruction plans. Easy fitting thanks to their flat installation depth. Find fun in the functional.
Swing®L
Balanced beauty

The Swing®L range of switches beautifully complements your home with a stylish, minimalist look that will stand the test of time.
