

Door communication ABB-Welcome

Welcome to life, welcome at home:

The front door is the gateway between two worlds, it is what separates and protects your own living space. The new modern door communication **ABB-Welcome** from Busch-Jaeger now creates new possibilities of communication between the two worlds – comprehensive comfort with greater safety along with stylistically suitable design. The system harmoniously adapts to the architecture outdoors and indoors. In the interior area it can be uniformly arranged with light switches and socket outlets.

Design

- 01 **ABB-Welcome Touch**, studio white matt (-624)
- 02 **ABB-Welcome** video outdoor station, studio white matt (-664)
- 03 **ABB-Welcome** audio outdoor station, stainless steel (-660)
- 04 **ABB-Welcome** indoor audio station with handset, anthracite matt (-681)
- 05 **ABB-Welcome** indoor audio station, studio white matt (-624)
- 06 **ABB-Welcome** indoor audio station with display, aluminium silver (-83)

With the wide range of well-designed products, optimum door communication can be made a reality for all types of buildings. Without great effort due to the 2-wire bus technique. And always with high-quality material that are carefully matched.

This makes **ABB-Welcome** ideal for use in new buildings as well as the later integration during modernization of all types of real estate.
