

Flush-mounted product range *alpha*

Clarity and expressiveness.

Inspired by nature. Organic forms, clear colours and rare minerals, precious stones and metals have been taken up into the alpha series and turned into a harmonious whole. Very expressive. Very impressive. Well-balanced proportions. Available with two different frames in a uniform range of finely graduated colours. For classic values on the wall.

05 palladium (-260/-260)

06 platinum (-20/-20)

07 bronze (-21/-21)

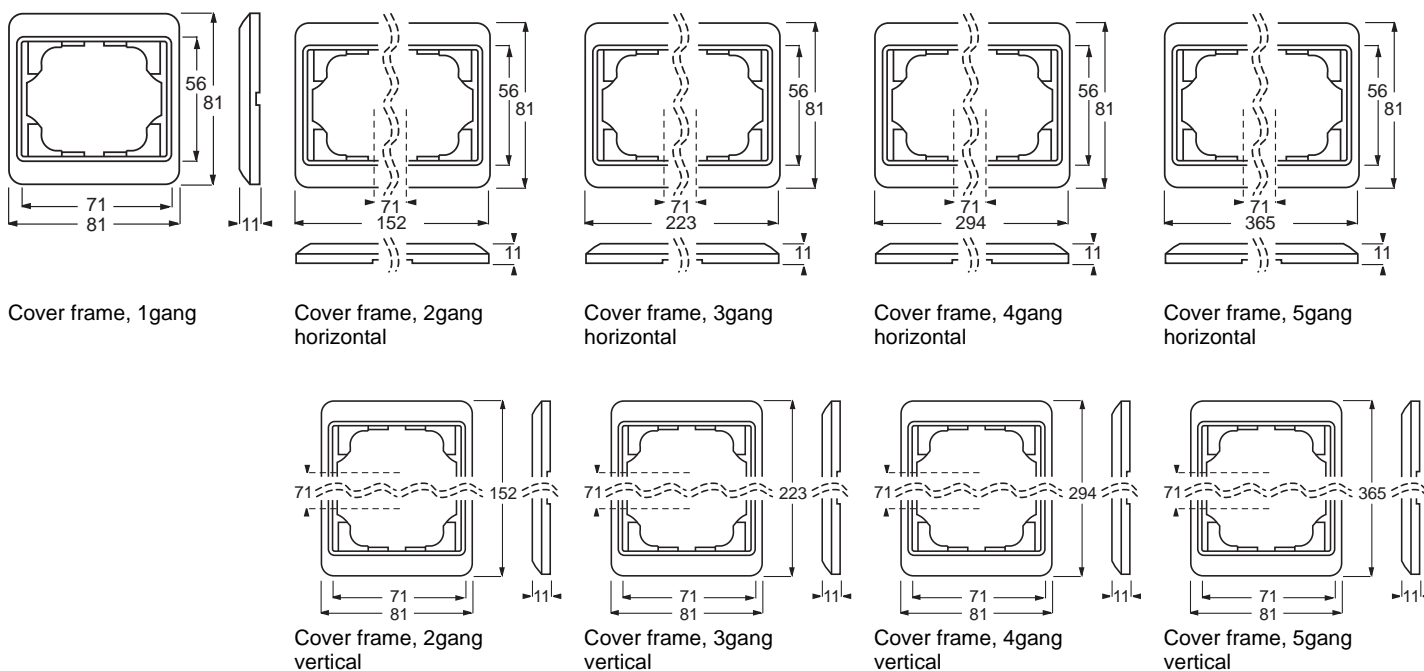

The only difference now is the form.

The uniform colour range for *alpha* makes selection easier and the fields of application larger. Both frames (*nea* and *exclusive*) are now available not only in a finely shaded range of colours but also in high-quality anodized metal frames.

Please note: Colour studio white matt is available for design *alpha nea*® only.
